

Hi just a quick note to say how impressed we were with our dinners on Monday night. We flew in to CHCH late and got to your restaurant at about 10 to 10. It was obvious your team had been through a big day already and we were worried about trying to get a meal so late.

We have both been to plenty of restaurants around the countryside that are memorable mostly because you never want to go back. Sticky Fingers however has and will continue to be my 1st choice when I need to know I am going to get something impressive when I am in Christchurch.

Make sure the kitchen team get a thanks from us!

Andrew & Jenny
Auckland

Hi guys

Just back in Melbourne after our second trip to NZ , for our 27th anniversary last week. Last year we simply could not eat anywhere else after staying at ridges and finding you. This year we were again blown away by your food, ambience and the wonderful, helpful and attentive staff.

The beef and the venison were superb, equally supported by some delicious pinot gris and central otago pinot.

In our case we simply have no reason to eat anywhere else in Christchurch...not sure if we want to tell the world but I guess we'll have to.

See you next year.

Kind regards.
